

Attractive and discreet design that doesn't take the focus off the image.

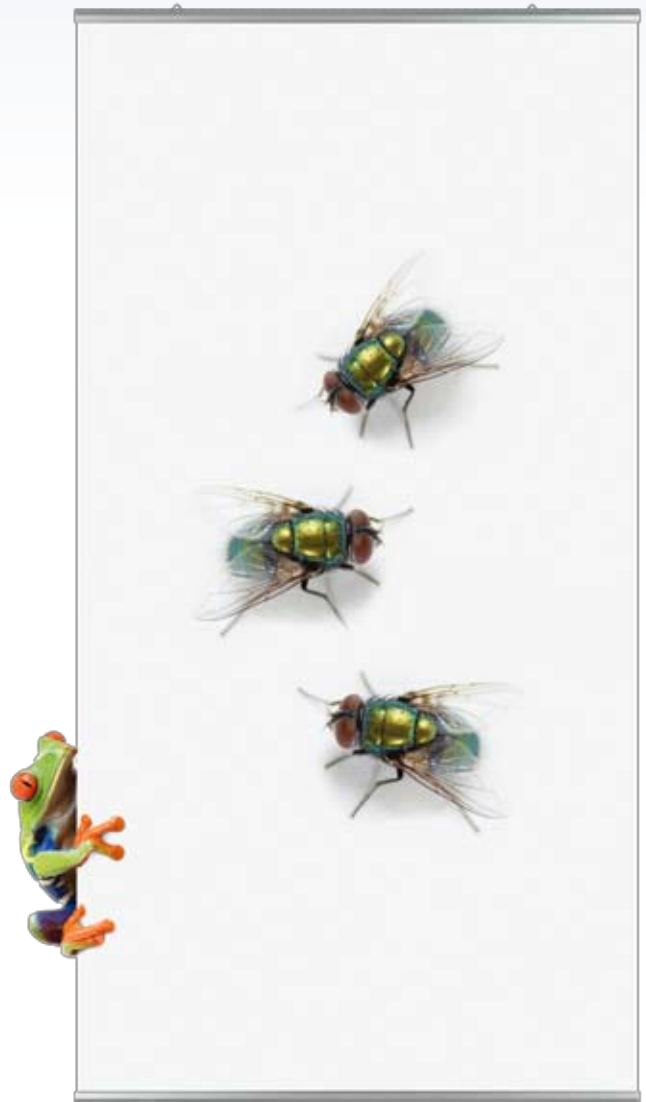

The preglued plastic strip makes it easy to change image.

Adjustable hanging loops.

GIVES YOUR IMAGES A LIFT

The Poster Profile is an attractive, simple and discreet system for hanging up posters. The solution consists of top and bottom aluminium profiles, a plastic strip and adjustable hanging loops. The poster fits into the plastic strip, which then simply slides into place in the top profile. You can easily change the image even when the system is hanging in place.

STANDARD PACKAGE

The package includes profiles, fixing strip, hanging loops and end stops.

ACCESSORIES

Discreet bracket for wall hanging available as an optional extra.
